Resolution to Authorize School of Medicine Maloney 9 Renovations for ITMAT in the Amount of \$3,100,000

Intention:

The School of Medicine wishes to proceed with renovations to the 8th and 9th floors of the Maloney Building for the Institute for Translational Medicine and Therapeutics (ITMAT). The ITMAT program is expanding and has insufficient space to meet current program needs. The project will renovate 7,700 square feet on the 9th Floor and 1,500 square feet on the 8th floor to provide modern administrative space for the ITMAT staff and upgrade the infrastructure. Private offices, workstations carrels and a conference room will be provided for the staff. Mechanical, electrical and plumbing upgrades along with the replacement of the air handling unit are included as infrastructure upgrades. The project is estimated to cost \$3.1 million and will be funded by School of Medicine general operating funds.

RESOLVED, that the School of Medicine Maloney 9 Renovations, estimated to cost \$3.1 million, be and the same hereby are approved and that the Vice President for Facilities and Real Estate Services and either the Executive Vice President or the Vice President for Finance and Treasurer be and hereby are authorized to take such actions, execute such contracts and incur such expenses and obligations – not, however, in excess of 110% of the estimated costs as presented to the Budget and Finance Committee – as may, in their judgment, be necessary or desirable to accomplish the purposes of this resolution. Any actions heretofore taken by any such officers in furtherance of the purpose of this resolution are hereby ratified and confirmed.

**Resolution to Authorize Design and Construction of the Chemistry 1958 Building
Laboratory Renovations in the Amount of \$5,000,000**

Intention:

The School of Arts and Sciences wishes to proceed with renovations to the first floor of the Chemistry 1958 Wing. The Chemistry 1958 Wing has been without a significant renovation since its original construction 50 years ago. The purpose of this project is to provide updated state-of-the-art laboratory teaching space to meet the demands of the core curriculum. The project includes renovations of the existing chemistry teaching laboratories on the first floor. Three new teaching laboratories and one large teaching classroom will be created. New mechanical space and equipment to support the new program is also included. The project is estimated to cost \$5 million and will be funded by SAS gifts, endowment funds and an internal capital project bridge loan.

RESOLVED, that the Chemistry 1958 Building Laboratory Renovation project, estimated to cost \$5 million, be and the same hereby are approved and that the Vice President for Facilities and Real Estate Services and either the Executive Vice President or the Vice President for Finance and Treasurer be and hereby are authorized to take such actions, execute such contracts and incur such expenses and obligations – not, however, in excess of 110% of the estimated costs as presented to the Budget and Finance Committee – as may, in their judgment, be necessary or desirable to accomplish the purposes of this resolution. Any actions heretofore taken by any such officers in furtherance of the purpose of this resolution are hereby ratified and confirmed.
