Resolution to Approve the Audited Financial Statements for Fiscal Year 2013

RESOLVED, that Audited Financial Statements for Fiscal Year 2013, as submitted to the Trustee Committee on Audit and Compliance by PricewaterhouseCoopers on September 19, 2013, be and hereby are approved.
Resolution to Authorize Development and Construction of an Office Building at 3901-03 Walnut Street in the Amount of $11,900,000

Intention:

The University proposes to construct a new building on University owned property located at the northwest corner of 39th and Walnut Street in Philadelphia and known as 3901-03 Walnut Street. The building will accommodate relocated offices of the University’s Office of the General Counsel, Office of Government and Community Relations and Office of University Communications. The relocation is necessitated by the plans to renovate and construct the Perelman Center for Political Science and Economics at 36th and Walnut Streets (The West Philadelphia Trust Building). The site is currently vacant and comprises approximately 5,000 square feet of land. The building to be constructed will be a six (6) story structure comprising approximately 30,000 square feet (the "Project").

The administration has executed a letter of intent with The Hankin Group ("Hankin"), an Exton, Pennsylvania based real estate developer to finalize plans the Project. Pursuant to the letter of intent, the Hankin has engaged MGA Architects to design the building, has secured zoning and other permits for the Project and is negotiating a contract with a construction contractor to build the Project. The administration has now finalized a Development Agreement with Hankin pursuant to which Hankin will be responsible to finalize the Project design and construct the Project. The total cost of the Project, including the costs to be incurred by Hankin and other costs incurred directly by the University are budgeted at $11.9 million, which sum includes a development fee that would be paid to Hankin for its services as developer of the Project.

The administration thus seeks authorization to execute the Development Agreement with The Hankin Group (“Development Agreement”) for development of the Project and to expend a total of $11.9 million to design and construct the Project. The Project will be funded from the University's internal capital resources, with approximately $2.9 million drawn from the Real Estate Department's accumulated capital reserves and $9.0 million funded from general reserves.

RESOLVED, that the Office Building for University Administrators at 3901-03 Walnut Street, estimated to cost $11.9 million, be and the same hereby is approved and that the Executive Vice President or the Vice President for Facilities and Real Estate Services or Vice President for Finance and Treasurer be and hereby are authorized to take such actions, execute such contracts and incur such expenses and obligations – not, however, in excess of 110% of the estimated costs as presented to the Budget and Finance Committee – as may, in his or her judgment, be necessary or desirable to accomplish the purposes of this resolution. Any actions heretofore taken by any such officers in furtherance of the purpose of this resolution are hereby ratified and confirmed.
Resolution to Authorize Design and Construction of a New College House on Hill Square for an Additional $114,000,000 (Total Revised Budget of $125,000,000)

Intention:

In February 2013, the Trustees approved a total of $11,000,000 for the construction documents phase and bidding activities for early site construction work for a New College House on Hill Square. Business Services now requests approval of an additional $114,000,000 to continue with the design and construction of the New College House. The College House system currently forecasts the need for approximately 350 undergraduate beds in suite configurations, a hierarchy of public space amenities, residential advisor and faculty apartments, social and academic support spaces and a full-service dining hall. The project encompasses the northern parcel of the block bounded by Walnut, Chestnut, 33rd and 34th Streets. The total project is estimated to cost $125,000,000 and will be funded by capital gifts, Business Services reserves, central university resources and an internal capital loan.

RESOLVED, that the Design and Construction of a New College House on Hill Square, estimated to cost $125,000,000, be and the same hereby is approved and that the Executive Vice President or the Vice President for Facilities and Real Estate Services or Vice President for Finance and Treasurer be and hereby are authorized to take such actions, execute such contracts and incur such expenses and obligations – not, however, in excess of 110% of the estimated costs as presented to the Budget and Finance Committee – as may, in his or her judgment, be necessary or desirable to accomplish the purposes of this resolution. Any actions heretofore taken by any such officers in furtherance of the purpose of this resolution are hereby ratified and confirmed.
