Excellence,

Lors de sa dernière audience, Votre Excellence avait remis à Sa Majesté Impériale onze volumes de photographie (Illustrating Animal Motion) envoyés par l'Université de Pennsylvanie.

Cette œuvre si remarquable et si digne d'être examinée a rencontré la haute appréciation de Sa Majesté Impériale qui a ordonné qu'elle figurât dans une des plus belles bibliothèques du Palais Impérial.

Sa Majesté a bien voulu également me donner l'ordre de prier Votre Excellence de faire parvenir ses remerciements aux personages

Monsieur Oscar S. Straus, Envoyé Extraordinaire et Ministre Plénipotentiaire des États-Unis.
de l'université qui ont pris l'initiative de ce gracieux envoi.

Je profite de cette occasion pour offrir à Votre Excellence l'assurance de ma haute considération.

My Dear Doctor:

In reply to your inquiry of yesterday I would say that Mr. Muybridge has paid us thus far $1461.80 on account of the lenses, leaving a balance still due of $2288.50 including interest to January 1888.

Some time ago we asked you for instructions regarding the delivery of the little book on "Animal Locomotion," and you then thought it best to hold over the matter till after the summer vacation.

As you may have overlooked it from the multiplicity of your duties, I take the liberty of reminding you again and shall be glad to receive your directions if you are now prepared to give them.

Sincerely yours,

Dear Sir:

I am delighted with the prospect of getting one of Mr. Muybridge's slides of the running horse and feel very grateful to both you and Dr. Pepper for kind interest in the matter. I had about given up the search.

If you could send me one of the slides (with the animal as much "bunched" in the legs as possible) I will take the best care of it and see that it is safely returned to you. If you
I couldn't let me have a slide then a negative or photograph would do. The time is short for having a slide made but I can arrange it I think.

Thanking you again I am

Yours very truly,

Dear Mr. Burk:—

First: Will you please send, without delay, to the "World Almanac" the information requested by them; and will you please send to the U. S. Patent Office a copy of Muybridge's book, which, if not at the University, may be obtained, I believe, at Lippincotts.

Rev. Jesse Y. Burk,

University of Pennsylvania,

Dear Sir:—

Herewith I hand you a copy of the complaint of the New York Photo-Gravure Co. against Eadweard Muybridge. You will see that it contains two causes of action. As I understand it, the first cause of action is for the balance due by Mr. Muybridge on account of orders sent by him to the plaintiff for the delivery of prints, which they have carried out without being paid in full. The second cause of action I understand to be the amount due by Mr. Muybridge for the printing and storing of prints now in the possession of the plaintiff for which he has not paid.

These prints are the property on which the attachment has been made.

I do not think that there is any defect in the papers sufficient to have the attachment set aside, and therefore Mr. Muybridge ought to serve an answer on or before Sept. 9, 1895.

If either you or he will send us the facts, we shall prepare the answer.

Truly yours,

Wells & Carter
City and County of New York, SS:  

Ernest Edwards being duly sworn, depose and says: I am the President and Manager of the above named plaintiff, which is a domestic corporation created under the laws of New York and having its principal place of business at 127 W. 23rd St., New York City. Plaintiff has a cause of action arising out of a contract other than a contract to marry, to recover from the defendant $4,869.15, with interest thereon from December 28, 1893, over and above all counterclaims, set-offs or off-sets known to plaintiff and above all known to deponent by virtue of a contract existing between plaintiff and defendant since August, 1890, and prior to that time with plaintiff's predecessor, whose accounts, contracts and liabilities plaintiff adopted, including the contract with defendant, to defendant's knowledge and with his consent. Plaintiff undertook to make, print or manufacture certain prints or pictures for defendant and to store, preserve and ship the same for defendant and upon his order, as required, upon certain agreed terms and for certain sums which defendant undertook and promised to pay therefor. That plaintiff has kept, and performed and executed all the terms of said contract on its part to be kept and performed, and defendant has partially performed said agreement on his part by making partial payments from time to time under said contract for prints or pictures which plaintiff so manufactured and delivered at his request; but the sum aforesaid remains due and owing by virtue of the premises from defendant to plaintiff; during all the period...
herein mentioned, I have been and am the manager of plaintiff's company and have had personal charge and knowledge of the transactions, accounts, debits and payments as between plaintiff and defendant. Defendant is a non-resident of the State of New York and a resident of Philadelphia in the State of Philadelphia, and in plaintiff's behalf I ask that an attachment against defendant's property may be granted herein. No prior application therefore has been made.

Sworn to June 5.

Ernest Edwards.

Papers filed June 10, 1895.

Undertaking on attachment among the papers, but no order.
The plaintiff for its complaint alleges:

First, For a first cause of action that at all the times herein stated plaintiff was and is a domestic corporation, created under the laws of New York, and having its principal place of business in New York City.

That prior to May 10, 1895, plaintiff duly rendered an account to defendant in respect of work performed, materials furnished and money expended in and about the manufacture of certain prints for and at the request of defendant, and pursuant to agreement theretofore existing between them, including all payments, credits and offsets in favor of said defendant, and that by said account the defendant was indebted to plaintiff in the sum of $4,100.44, at which sum the said account was stated and adjusted, and defendant promised to pay the same, but has paid on account thereof the sum of $3,204.04 leaving due and owing to plaintiff from defendant by reason of the premises $896.44 besides interest.

Second, For a second cause of action that between May 10, 1891, and December 29, 1893, plaintiff performed work, furnished material and expended moneys at the request of the defendant in and about the manufacture, storing, preserving and shipping certain prints or pictures pursuant to contract therefor had and then existing between the parties of the amount, value and agreed price of $3,972.71, no part of which has been paid; that the allegations contained in the first cause of action herein as to the incorporation and business place of plaintiff are severally true.
Wherefore plaintiff demands judgment against the defendant for $4869.15 with interest thereon from December 29, 1893, besides the costs, &c., in this action.

L. A. Gould,
Attorney for Plaintiff.
