The College Year of 1864-65 has been an unusually prosperous one to the University, and at no time has there been so much college and class feeling and so many excellent enterprises carried through. The Glee Club, which was organized three years ago, and which has already won for itself numerous laurels, has given during this college year, four concerts, viz.:-at Chelsea Hills, Montgomery county, Pa., on Wednesday, January 23rd at the Soldiers' Reading Rooms; at Bridgeton, Cumberland county, N.J., on March 28th, for the benefit of the Ladies' Soldiers' Relief Association of that place; and at the Hall of the University, on Monday, May 15th, for the publishing fund of the Club.

At the concert last year (May 23d), over two hundred dollars was realized for the Glee Club. The Club intend publishing, next autumn, a Glee Book of the University, especially for University Songs, but which will also contain the old favourites of all colleges, and many of the beautiful student songs of the German Universities. It is proposed to get this book up by subscription at $1 50 a copy, the money to be paid on receipt of the book; and it is hoped that the Alumni, Graduates, and all friends of the University, as well as the lovers of college music generally, will assist this enterprise.

The names and residences of subscribers, and the number of copies desired, may be sent in, until September, to John C. Sims, Jr., Secretary of the Club, Cape Island, N.J., or handed in to any member of the Club.

The Class of Sixty-five has been the most energetic class which has graduated for years. To its credit is due the present class spirit of the College and the flourishing condition of all the Societies. Altogether it has numbered sixty members, but the war and other causes have called off so many that it will graduate but twenty-four. Ten of its number have been laid under the sod: William Wood Montgomery and John Cox Biddle, young men of great ability and promise, and greatly endeared to their classmates. During the year the angel of death has borne away to another and a better world two men intimately connected with the University: Benjamin Gerhard, Esq., for many years a Trustee, and the Right Reverend Bishop De Laney, formerly Provost. Mr. Gerhard laboured faithfully for the good of the Institution which in youth had educated him, and unlike many of the Board, he sent his sons to it, and not to other colleges. The gentleman elected to fill the vacancy has never had the slightest connection with the University. The Board of Trustees seem entirely opposed to erecting an alumnus or graduate, who would naturally take an interest in his Alma Mater; they appear to desire rather to pay a compliment to some distinguished citizen. Many of our finest citizens, who are graduates, are passed over, and his Honour the Mayor of the city is selected.

Cricket Matches innumerable have taken place during the year. Four between the University Eleven and the New York America Cricket Club, the first two in the autumn, when the latter were the victors; the last two this spring, in which the University Eleven were victorious by six wickets. The annual spring match between the University and the Eureka Cricket Club of Germantown was played by the second Eleven last year, has fallen through. Some of the men now in college ought to take it up again; they will find all the bats, bases, &c., ready for them. The University Light Artillery Company is in a prosperous condition. The prize for fencing was awarded to Clement C. Dickey, of '66. On April 22d, when the President's remains were passing through the city, and when the Company held a culminating meeting of which the chairman addressed the participants of a most deplorable accident occurred, which threw a gloom over the whole University. By the premature discharge of one of the pieces, Archibald Montgomery and Thomas Lyman, both of '67, were severely injured. Mr. Montgomery's life, for a time, was despaired of; but, by careful nursing and a good constitution, it has been spared. Mr. Lyman's injuries were serious, but his recovery, though tedious, is certain. Sergeant Miles called out a warning, which probably saved both from instant death. No blame attaches to any members of the Company. The Baccalaureate Sermon before the graduating class was preached by Rev. Phillips Brooks, on Sunday evening, May 28th. The opening services were conducted by the Provost and Rev. Dr. Morton. The Hall of the University was crowded, and the occasion was an eminent success. The service of the Episcopal Church was used, and the Glee Club supplied the choir. The sermon from Matthew vi. 23: "If, therefore, the light that is in thee be darkness, how great is that darkness," was in Mr. Brooks' peculiarly clear and forcible style, and abounding with illustration and deep thought, and was listened to with great attention. The Senior Class formed in a body, and, preceded by the clergy, took their seats on the stage. We again thank Mr. Brooks for his able discourse, which contributed so much to render the closing celebration of the class of '65 a great success. The religious meeting which was started last fall at the advice of the Provost, has been, and is still held for half an hour every Wednesday, immediately after third hour. These meetings have been well attended throughout, and have been addressed by the Provost, Rev. Messrs. Wylie, Goddard, Newton, Crowell, Calkins, and others. The Class Day of Sixty-five was such an appreciation that no detailed account is necessary. A splendid audience—the Hall gaily festooned with flags and flowers—college music by Birgfield—the History by Mr. McDonald—the Oration by Mr. Hodge—the Poem by Mr. Newton—the Wooden Spoon Presentation to Mr. Lewis by Mr. Montgomery—the farewell song of the class—the class and college colours—the bouquets presented to the young ladies—all these are points not to be soon forgotten, and make it the most splendid celebration which the University has ever known. "Esto perpetua." The Class Supper came off on the same evening at Augustin's. Dr. Goodwin was present. The following were the toasts given on the occasion:—the Provost and Faculty of Andover; "Our Alma Mater;" "The Class of Sixty-five;" "The Philomathean Society;" "The Zelosophic Society;" "The Delta Psi Fraternity;" "The Zeta Phi Fraternity;" "The Phi Kappa Sigma Fraternity;" "The Delta Psi Fraternity;" "The Glee Club;" "The Absent Members of the Class." Mr. Reed read the Class Prophet, which was full of witty sallies, and in all respects capital. At the commencement of the Medical Department in March, a class of nearly one hundred and twenty graduates. And now a few words to graduates about their Alma Mater. While other colleges receive thousands of dollars from their sons, the University receives nothing and this although its graduates are richer than those of any other college in the Union, except Harvard and Columbia. Why cannot some of our influential graduates move in this matter? We call a meeting next Session to endow the University professors, and to enlarge the Library? Such a call, we are sure, would meet with a liberal response. The thought was raised: How momentous in the history of our country! The year that sees the Great Rebellion crushed out forever! Breaths of '65! Our Class Eleven baptized with the name of this year of Peace! It is stamped upon our very foreheads! Let us go forth to the work of life, then, in the dawning glory of those resultant beams with which the Angel of Peace is lighting up our late tempest-tost land!!
PROFESSORS.

REV. DANIEL R. GOODWIN, D.D., President of the University,
Professor of Intellectual and Moral Philosophy.

 JOHN F. FRAZER, LL.D., Vice President,
Professor of Natural Philosophy and Chemistry in the Department of Arts, and in the Department of Agriculture, Mines, Arts, and Mechanic Arts.

WILLIAM GIBSON, M.D., Emeritus Professor of Surgery.

HENRY C. WHITAKER, LL.D., Emeritus Professor of Intellectual and Moral Philosophy.

GEORGE B. WOOD, M.D., LL.D., Emeritus Professor of the Theory and Practice of Medicine.

SAMUEL JACKSON, M.D., Emeritus Professor of the Institutes of Medicine.

HUGH L. HODGE, M.D., Emeritus Professor of Chemistry and of the Elements of Botany and Children.

GEORGE ALLEN, A.M., Professor of the Greek Language and Literature.

GEORGE SHARWOOD, LL.D., Professor of the Institutes of Law, including, inter alia, International, Constitutional, Commercial, and Civil Law.

JOSEPH CARSON, M.D., Professor of the Institutes of Law, including, inter alia, International, Constitutional, Commercial and Civil Law.
